COMMISSIONERS' REPORT

In accordance with the Public Statutes of the State of New Hampshire the Commissioners of Carroll County submit their annual report together with the report of the Superintendent of the County Farm and of the various other County Officers.

It is with pleasure that the Commissioners of Carroll County submit what is probably about the one hundredth report for the body. Carroll County having been incorporated in 1840, but history relates that the first Commissioners were appointed in 1855.

It is a satisfaction that the 1948 budget of approximately \$133,000.00 was not overspent. The books closed Dec. 31st. with a balance of \$296.16 on hand.

The outstanding project of the year was the installation of photostatic equipment to facilitate the copying of records, especially deeds. Spare space in the Court House basement was utilized and at small expense, modern quarters for this new department were made possible. At the time of this writing all copying of documents is caught up, and quite a bit of outside work has been done. It is hoped that more and more people will avail themselves of this up to date procedure. Register of Probate, Walter G. White has charge of the work.

It will be recalled that mention has been made in previous reports for the necessity of repairs on the Court House eaves. Each winter in the past water has backed up, frozen, and in some cases found its way down inside the building. A thorough investigation of what should be done was made last summer by competent people, and bids sent out for doing the recommended work. W. J Murphy of Dover, was low

bidder and did a very satisfactory job. To date, even though the winter is mild, so far, none of the previous trouble has been experienced.

Money was set aside from surplus for the indexing of cards in the Probate office and this work has been partly done. New files to hold these cards have been installed, making the Department much more up to date.

During the summer Selective Service quarters were established in one of the rooms in the rear of the Court House, and this is not only a convenient place for the Board to carry on, but brings in some revenue for the County.

Nearly half of the annual County Appropriation is for support and maintenance of our County Home. \$66,150.00 was the amount raised for 1948, and the year closed with a balance of \$635.12. In the opinion of the Commissioners', Superintendent and Mrs. Severance are doing a grand job. Neither one is afraid of hard work, and a look about, inside or out will bear out the statement that the Carroll County Home is a well organized institution.

Of course the hiring of much labor for painting and carpenter work, is prohibitive unless an emergency exists, but a great deal of work of this kind was done the past year by House of Correction men. White in color has replaced the dull brown on the outside of the main bulidings, and this change has brought forth much favorable comment from the general public. Most of the metal roofs have also been painted. New bath-room facilities directly on the men's ward have replaced those which have been less conveniently located in the past.

Carroll County should be proud of its fine herd of Holstein cattle, fifty odd in number, of which thirty

are vaccinated heifers, many to freshen in the spring. Egwanulti Avelon Dan, pure bred bull purchased from H. E. Fowler and Sons of Rochester, N. H., heads the herd. Elsewhere in this report will appear a summary of the amount of milk and butter produced during 1948. It might be added to that inmates are served whole milk and butter in abundance. The milk test as of Jan. 1st. was .04.

Six creatures have been lost in the Bangs Test since our last report.

There were about 40 swine at the Farm December 31st. and our records show that over \$1,000.00 was realized from the sale of hog kind last year.

SHERIFF'S REPORT**Year Ending December 31, 1948****To the Commissioners of Carroll County:**

I wish to thank County Solicitor Smart, Clerk of Court Sawyer, Coroner Dr. Dube, Deputy Jailer Severance, all my Deputies, Sergeant Ernest Swift, Troopers Hayes, Hayward, Sturviis, all members of the N. H. State Police, and all other law enforcement agencies for their splendid cooperation and assistance.

The case load for 1948 increased over the year 1947 which is the general condition found throughout the United States.

In February of 1948 — 39 coin machines were destroyed and approximately \$2200. in coins was turned over to the Clerk of Superior Court to be used for the General County Funds.

REPORT OF COUNTY PHYSICIAN

During the year 1948, there were five deaths and no births at the County Home.

Treatment consisted chiefly in the care of those afflicted with degenerative diseases that are found in old age. There were no epidemics or accidents of serious nature.

Due to lack of facilities and of adequate nursing care, a few of the more acutely ill and operative cases were referred to our general hospitals in the County.

Considering the lack of general help, a great deal of praise is due the Superintendent and the matron for the manner in which the hospital is kept and the care given to the sick.

Respectfully submitted,
FRANCIS J. C. DUBE, M. D.
